Realistic overview of labour market

At this moment my position as a IT student looks very promising I have passed all of my exam I have enhanced my knowledge and gained a lot of experience.

Study results so far

Passing all of my exams with high grades : web dev : 8.9 , database engineering : 9.4 , OOP1 : 7.9
Also all the project : web dev and design : 8.8 , database engineering : 7.8 , project battle bot : 7.9

Team's perspective (do not fill this in, team = team of lecturers)

Other remarks

No
