

At this time, I have not yet received the Storyteller Certificate. As I mentioned in my PDP, in the absence of the certificate, I planned to explain my success in the project .

To support this, I have done some interviews with several students and presented the results to Christine, my MDT project manager. She expressed interest in the videos and appreciated how we are telling the stories of our heroes. While she pointed out a few minor areas for improvement in future. overall, she is pleased with the direction and quality of the project she is also planning to exhibit our project on the 17th of September in Leeuwarden. I have included a screenshot for approval as supporting evidence.

Re: Exhibition in September

Group - MDT-project Emmen

Dear students,

It looks like we have the tentative date of the 17th of September for the Invisible Heroes presentation. Could you ear mark this in your calendars. We have the main hall booked form 10 to 17, but we will probably start a little later in the theatre to allow for travel times. This will also be the moment that you receive your MDT certificates. Feel free to bring guests and the hero's involved in your project. They are all welcome. I will see if we can design a nice invitation. [Jeroen Slaets | Network Time To Connect \(Guest\)](#) is also designing the frame of the poster and we will share this with you as soon as possible. In the meantime enjoy your summer and if you have questions I am around for another three weeks at least.

Regards,
Christine
