THE TEAM

How would you describe the team overall?

The team works well together under deadlines and demonstrates a good balance between technical skills and teamwork. Overall, the team creates a positive working environment where members can develop both professionally and personally.

What do you see as the team's main strength(s)?

The team is enthusiastic, cooperative, and eager to learn.

Can you describe a situation in which the team demonstrated this strength?

Members contribute different strengths and perspectives, which helps the team solve problems effectively. Also that the where at the IT Hub festival to demonstrate the project was in my eyes a nice team effort.

TIPS

Do you see any room for improvement in the way the team worked together?

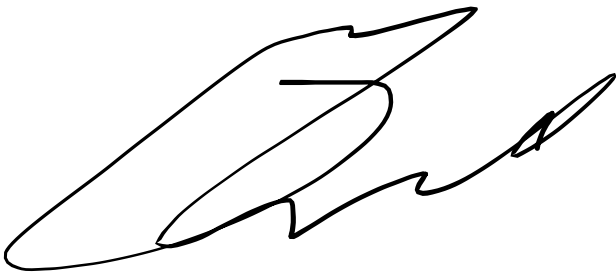

No

From your perspective, in which areas can the team improve as future IT-specialists?

Trey to test more. Not only technical local on your computer, but also in production.

What competences would you recommend the team to work on?

To by more active in getting the information they need. Don't what if someone to response, pick up the phone and call.
